#### Happenings and News:

##### Arts and Crafts:

The Annual Arts and Crafts Fair will be held on December 2 and 3<sup>rd</sup>. This year we will once again be working with community artists as well as student artists. I've updated our website with all the information [here](#). I just wanted to make sure it was on your radar as well. (Rebecca Parker)

**A new program called *Arts in the Outdoors*** is a collaboration between Outdoor Education, Bemis School of Art, and the Arts and Crafts program. The program offers unique experiences for students to engage with the natural environment through an artistic lens. The program focuses on developing artistic skills, knowledge of the outdoors, and ways of looking that shift how we engage with nature. Our first trip was to the paint mines creating small clay sculptures informed by the environment. It was a fun trip, and we captured some great documentation of that I thought that I would share! (Rebecca Parker)

### Model United Nations:

On Wednesday, October 26, Model United Nations hosted 'Trivia Night' for all students to attend, play, and enjoy friendly competition. This is the 3<sup>rd</sup> annual trivia night planned and it drew more than 50 students self-selecting teams from various clubs and organizations. The goal is simply to engage with the CC community in a friendly all-inclusive setting as well as serve as an advertisement for joining Model United Nations team. MUN's Trivia Night works to educate students about worldly issues with an entertaining format. The event consisted of 9 different rounds, including topics such as the UN, current events, pop culture, Shakespearean vocabulary, and more.

MUN members Beatrice Roussel, Nam Ninh, and Emmie Weprin worked to calculate points, read questions, and give answers. After two hours of play, CC's comedy club: 'Sunbutter' team pulled out a win. Following the event, students stayed behind to learn more about CC MUN team and the upcoming conferences. This wildly successful event will have a reprise in the spring. (Sarah Hinkle)

### Dean of Students/Vice President for Student Life highlights:

#### **CCCC has introduced the Lunch and Learn Series: (Amy Lewis)**

The Lunch and Learn Staff Speaker Series is an opportunity for staff within the Student Life Division to share their expertise on a topic related to their field, their career journey, or their passions/talents outside of CC. Staff in the division are invited to attend and enjoy lunch while they learn from their colleagues and form connections with staff throughout the division.

We have had two speakers so far – Molly Hadley and Flor Ramirez. Our upcoming speaker is Dean Dickey which will take place on December 12<sup>th</sup> from 12:00-1:00 pm in McHugh Commons.

Dean Dickey has hosted Donuts with the Dean which included new students who were a part of the bridge program and also residential experience folks.

Dean Dickey and CCSGA president Dore Young have been working very hard this year and have been meeting regularly. Dean Dickey hosted 2 dinners this semester in Stewart House to engage with CCSGA members.

We also did a division-wide meeting with CCSGA to have an open discussion regarding mental health. (Amy Lewis)
