Last weekend, CC's Native American Student Union (NASU) hosted the annual Colorado College Exhibition Powwow in Reid Arena, welcoming community members from Colorado College, Colorado Springs, and beyond for a day of celebration.

NASU began the morning with a tipi blessing on Tava Quad, followed by a forum with the theme of "Honoring the Earth." Additional festivities included indigenous songs, drumming, dancing, food, and speeches from distinguished guests.

Thank you, NASU, for again hosting this signature event!
