Project Schedule

- Activities on the site in 2019 include demolition, utility relocations, and other activities necessary to prepare the site for construction.
- Completion of Schematic Design: Spring 2019
- Selection of Construction Manager/General Contractor (CMGC): Summer 2019

**Robson Arena Workshop #1
Focus: Traffic and Parking**

Colorado College continues work on planning and design of a multi-purpose, best-in-class sustainable sporting event venue as the new home of the CC Tigers Hockey Team.

10:30 a.m. - 12 noon, Saturday, Jan. 19, 2019

Colorado College Tutt Library
1021 N. Cascade Ave.

Parking for the workshop is available at several areas on campus as well as on the street. (Lots include: Cornerstone Arts Center, Armstrong Hall, Southeast Tejon, Wooglins, Central Services, 3D Arts, Dale Street and Numismatic (north side)).

[MEETING PARKING LOCATION MAP](#)

Note: For ADA-specific accommodations call (719) 389-6607 at least 48 hours in advance of the meeting.

Jan. 5 Summary of Community Meeting #1

- Groundbreaking: Late 2019
- Projected Opening: 2021

Robson Arena History

The Colorado College campus arena, named for Edward J. Robson, a 1954 CC graduate and former member of the hockey team, is the multi-purpose indoor on-campus competition arena.

The outdoor stadium, in collaboration with the professional Colorado Springs Switchbacks Soccer Team, a member of the United Soccer League, is proposed for the south end of downtown Colorado Springs.

Sustainable Design

As with Colorado College's recently renovated Tutt Library, the largest carbon-neutral, net-zero energy academic library in the United States, the new arena will further CC's commitment to sustainable design.

Project Team

The college has contracted with the local land planning and urban design firm N.E.S, Inc. and its team of specialists to lead the planning process for the Robson Arena:

Consultant Project Manager:
Chris Lieber, *N.E.S., Inc.*

Public Engagement:
Lisa Bachman, *Bachman pr*

Architect:
Adam Davidson, *JLG Architects*

Architect:
Bob Binder, *DLR Group*

Traffic Engineer:
Todd Frisbie, *Felsburg Holt & Ullevig*

Parking Consultant:
Bill Surna, *WGI/Carl Walker*

Civil Engineer:

Approximately 200 citizens attended the first in a series of community meetings and workshops for the planning and design of the Robson Arena on the campus of Colorado College, one of the venues associated with the City for Champions initiative.

During the meeting, citizens heard an overview of the project and the seven-month process that includes three community

meetings, two workshops and two public hearings. All documents related to the meeting will be posted at

<http://www.coloradocollege.edu/robsonarena>

- Meeting summary
- PowerPoint
- Display boards
- Frequently asked questions
- Recorded video of the meeting

Chris Lieber, N.E.S. Inc. explained the consultant team's role in the project is to take the vision the college and the city share and implement the best possible plan that works for the college, the city and the adjacent neighborhoods. He encouraged public input and told those assembled that this is a work in progress. He emphasized the best way to help shape the arena project is to participate in the meetings and workshops.

Public Engagement Process

To assist in the planning and design process for the Robson Arena, the college has engaged a multi-disciplinary team of architects, planners, civil and traffic engineers, public engagement facilitators, and landscape architects.

The public process will assure the team receives input and feedback from the community on topics such as traffic, parking, the fan

Kyle Campbell, *Classic Engineering*

Colorado College Liaisons:
Chris Coulter, Facilities Services
Zak Kroger, Student Life

experience, building specifics, season ticket program, and other important aspects of the arena's implementation. A series of community meetings and workshops will take place on Saturdays to enable maximum participation.
